## GENERAL INFORMATION

### How to get to Turin

#### *By Train:*

Turin has three main railway stations: *Porta Nuova*, *Porta Susa* and *Lingotto*. The first two of them are in the city centre. In order to check schedules and timetables, you can either use the web sites from Trenitalia (Italian Railways) ([trenitalia.com](http://trenitalia.com)), or from Die Bahn (German Railways).

#### *By plane:*

Turin's airport, *Caselle Aeroporto Internazionale di Torino*, is 16 km (10 miles) north of Turin's city center.

#### **Transportation to Turin City Centre**

**Express Rail Service:** The railway station is located very near the air terminal. Rail service between the air terminal and *GTT Dora* Station in north western Turin takes 19 minutes, also stopping at *Madonna di Campagna*. Departures are every 30 minutes to Turin from 06:49am to 09:19pm and back to the airport from 05:13am to 07:43pm. You can buy a full-day ticket that can be used on public transport in Turin as well.

**Bus Service:** Bus service between downtown and the Turin airport has several stops enroute to the *Porta Nuova* main railway station including *Porta Susa* railway station. The bus leaves and arrives at *Porta Nuova* at the corner of *Corso Vittorio Emanuele II* and *Via Sacchi*.

The bus leaves *Porta Nuova* Station every 30 minutes from 5:30 - 8:30 and 16:30 - 21:00. From 08:15 - 16:30 and 21:00 - 22:30 it departs every 45 minutes. Buy your ticket from a bar near the bus terminal.

From the airport the bus leaves on the arrivals level just in front of the exit. There are ticket machines inside or you can buy them at the tourist office or the new stand in the departure lounge. The bus service runs from 6:30-23:30.

**Taxi:** The taxi rank is located on the left at the exit of the Arrivals level. The approximate cost of a taxi to the city centre is 40 euros.
